

Linuxcrop
CHEMICALS PVT. LTD.

About Us

Linuxcrop Chemicals Pvt. Ltd. is a professionally managed company involved in the production and marketing of agricultural inputs, including biofertilizers, biofungicides, growth promoters, growth regulators, fertilizer micronutone, chelated Micronutone. Which is non-toxic and biodegradable especially for agricultural applications. It works the same, it is ultimately safe for the farm, the soil, the environment and all life.

Our
VISION

Linuxcrop Chemicals Pvt. Ltd. has introduced innovative ways to replace the use of hazardous chemicals used in agriculture in innovative eco-friendly bio-organic solutions. We are proud to work with the same goal of making farmers economically viable and truly prosperous with good quality production. **Linuxcrop Chemicals Pvt. Ltd.** seeks to strengthen its bond with nature by farmers and to emerge as a happy and healthy part of the agricultural era worldwide.

Our
MISSION

The desire to innovate eco-friendly agricultural inputs that blend environmental and modern innovative technology. Renew the soil by replacing the farm's friendly microbes with hazardous chemical agents. Our biggest approach is to get quality produce by reducing the cost of farming. We are dedicated to satisfying our customers, we believe in respecting our customers, listening to their requests and understanding their expectations. We strive to exceed their expectations in affordable, quality and timely delivery.
